\* Multiple-Bins Monitor

## Binzful

### Portable, Wireless Bin Level Indicator

Watches your bins so you don't have to!

- Easy to use and set-up
- Completely portable
- Use Indoors or outdoors
- No expensive wiring to install
- Works with your existing two-way handheld radios
- Simply lower cable & switch to desired depth (30 ft cable)
- Verbal warnings sent to your radio
- "Bin is Monitored" message sent to radio when activated
- "Monitor is on" message repeated every hour
- Warning message repeated until condition corrected
- Completely customizable (wording as well as frequency)
- Rechargeable with 110v outlet
- Recharge lasts up to six (6) months
- Prevents overfilling bins
- Allows employees to work instead of babysitting the bin
- NEMA 4X electronic enclosure inside of water-tight; dust-resistant, crush-proof Pelican poly case
